Customer Reviews

I purchased this collection largely for the wonderful instrumental pieces (i.e., The Carousel Waltz) and found them to be rather truncated. Some are without introductions and are greatly cut down both, in material and harmonic depth in the arrangements. I had hoped this would replace my parents' well-loved and battered Rodgers and Hammerstein book from the late '60s, but this definitely won't do it.

Yes, it is all here...music from Oklahoma, Carousel, Flower Drum Song, South Pacific, State Fair, TV Cinderella, and the Sound of Music! What a collection! Once I start I don't want to leave the piano! If you love the music from these classic films you will love this song book. What a find!

Excellent collection of Rogers and Hammerstein songs, from the most popular and well known to the often over looked' great for singers and musicians and those who like to pretend they are the next Voice!

My life and I are fans for Rodgers and Hammerstein music. I had studied their music as a teenager with voice and piano lesson from Grace Ziggler. We had also seen the movies and Music Circus in Sacramento with stage performances. I romanced my wife by singing her the sounds on an upright Baldwin piano. I will put up on You Tube a performance of Some Enchanted Evening from this book and using our new Roland F-120 Digital Grand Piano. I would have attached to this review but did not see where you could attach it.

This has all the best tunes from all the best Broadway shows along with lyrics. Music is about intermediate level or less. Well worth the price.

I bought this book because I was auditioning for my very first musical (at a rather advanced age) and I wasn't sure of ALL the songs in history, which song would have the exact 20 bars of music I would need to ace my audition! It enters "The Rodgers and Hammerstein Collection" with a vast array of possibilities. With selections from some of the best known of their works such as "The Sound of Music", "South Pacific" and "Oklahoma", there are also selections from lesser known projects such as "State Fair" and "Pipe Dream." As for me, I ended up singing 20 measures from "A Lovely Night" from "Cinderella"... and I got the part.

My daughter loves this book and I love hearing her play from it. This book has lots more songs than other R&H music books currently available - even from the R&H musicals we never heard of. I don't think you'll be disappointed in this book.

I actually returned this book because there were too many songs from musicals I didn't know! It has pretty much everything from all of their musicals. I'm fairly new to the world of musicals, and I only knew Sound of Music and Cinderella, so I returned this and bought the others individually instead
