BB203CL - Warm-Ups And Beyond - Clarinet

Synopsis

Veteran middle school band director Timothy Loest has drawn from 18 years of experience to create an all-encompassing warm-up book appropriate for elementary, middle, and smaller high school programs. Its logical sequence addresses technical issues at a variety of levels. In addition to a wealth of chorales and scales, the book incorporates articulation and flexibility studies, and an in-depth glossary of musical terms, providing answers to questions posed by younger musicians. Percussion educator Kevin Lepper has added a wealth of percussion exercises that will enhance the technique of individual percussionists while developing the overall sound of your ensemble. Warm-ups and Beyond is an ideal resource for every developing library.

Customer Reviews

I was forced to buy this for school band but I find the stuff inside very simple. I don't see the need to have a book for just simple warm up and stuff. I mean it does the job but I'd find better use for my money.
