Customer Reviews

This book has a lot of good points to consider when taking up sewing as a hobby. It is short, sweet and to the point. What I would have liked to see more of would have been illustrations to show new hobbyists what they were looking for or how the stitch was supposed to look. In most of the needlework books I have worked with over the years, pictures are a vital part in understanding what your goal is. Other than that, the book was a nice overall synopsis and a bridge into more informative works on the subject.

Sewing: The Ultimate Guide to Mastering Sewing for Beginners in 30 Minutes or Less! (Sewing - Sewing for Beginners - Sewing Patterns - How to Sew - Sew - Sewing Books) by Jessica Pickens I am a sewer, not a great one but good enough. I don't like most of the clothing styles available in the stores today: skirts are too short and tops are too revealing. I chose to download this book with the very long title because I need to make my own clothing and I want to be better at making them. I think this book is almost perfect, it is just what a person needs except graphics. SEWING: THE ULTIMATE GUIDE TO MASTERING SEWING FOR BEGINNERS IN 30 MINUTES OR LESS! By Jessica Pickens is a step by step manual for creating your own wardrobe starting with understanding the tools for sewing. I was pleasantly surprised to discover instructions on how to create your own patterns for shirts and pants. To me this is the added bonus not the final Bonus Chapter: Knitting for Beginners. Though this book is great for newbies, it is also beneficial to the casual / hobby sewer such as myself. I recommend it.

I loved this audiobook! I was inspired to sew once again!

Nice cartoon and funny chapter heading: Ready, set, sew! 1 star off for typos and grammar mistakes. It's a good beginner's guide to sewing.
