## Customer Reviews

I will keep this book, simply because I like the looks of the cover and it does have plenty of space. What the description doesn't tell you is that the book is just an 8 1/2 x 11" notebook/planner with address pages. It doesn't have a hard (or even sturdy paper) cover. It is probably less sturdy than the average composition book you'd buy. It's more like a paperback book. Even with light use, this address book won't last. Added to the fact that, as stated, there are no alphabetical tabs for the addresses, I would never buy this glorified notebook again.

Nice address book even if relatively big, nicely organized if you're not looking for alphabetical order (which I personally don't necessarily like). The only negative point would be that the paper of the pages is quite thin, so you have to be careful which pen you're using.

Love the large spaces on each page.
