My teacher uses this book for new students. I have only been playing for about 6 weeks, but really like this book. It has a lot of repetition which has helped me learn the notes. I do play the piano, so I have a good music background, but I really have enjoyed playing out of this book. It has a lot of duets that I play at my lessons and that adds some fun for me.

I am working with my cello teacher, a cellist with the Florida orch., these are great books. The techniques are well written, it works throughout formulation on how to play. Great if you are starting out.
