Customer Reviews

Doesn't come with access code if you are using MyBizLab for your class. I thought it would have but didn't so I had to purchase the access code separately when some books have the access code you will need. Other than that the book is good. Definitely needed for my course. Quick delivery as well.

Since the product details read 'new', I was expecting it to come sealed. The book had black scratches and looked as if it had been previously used. They basically unseal the product and take the access code off, and sell it minus 30 dollars the original price.

Book arrived promptly and in perfect condition. It came with an unopened access code, but when I entered it to use the MyBizLab feature, the code was not valid. Otherwise, the book is fine.

Not available on windows 10 so I have to use my phone. Not worth the rental fee if i cant get it on my computer.

A book I had to have for college, very expensive..but I got an A plus in my class so I will give it 5 stars.

It's a book, nothing special. It smelled like cigarette smoke when I received it.

Very nice book all pages nothing highlighted or marked in the book!!

Brand new book for half the price! Quick delivery too!
